FOLLOW IN WAKE OF TIM AND PRU

ACTOR Timothy West and his wife, Fawcety Towers star Prunella Scales are back on our screens in Channel 4 favourite, Great Canal Journeys.

This series sees the thespian couple, *pictured*, leave behind the quiet waterways of Europe for the busy canals and rivers of India.

Explore the vibrant culture of the mighty Brahmaputra River for yourself on an exclusive Saga trip.

Following in the wake of Tim and Pru, the escorted 11-night Passage through Assam tour takes guests on an amazing journey through north-east India. Visitors can enjoy

two nights in the colonial city of Kolkata visiting Mother Teresa's home before boarding the MV Mahabaahu ship in Jorhat for a seven-night river adventure.

Highlights of the cruise include an opportunity to explore Majuli Island and see a special performance of the Sattriya dancers, as well as tea tasting in an Assam plantation and a visit to Mishing Village, where the women continue the traditional craft of weaving cotton and silk on hand looms. Guests can also join a Jeep

tour in the Kaziranga National Park, spot Golden Langur monkeys on Peacock Island or just relax with daily morning yoga on the banks of the river.

The trip starts from £2,519pp and departs on October 12.

The price includes a door-to-door travel service, two nights in hotels, seven nights aboard the ship and two in flight, as well as 26 meals, transfers and a local expert guide.

To book, visit saga.co.uk/assam or call 0800 414 383.
